

Consent to communication

Here at the Practice, we take your privacy seriously. We regularly communicate with you electronically to, for example confirm appointments. We will not send any information regarded as personal – for example, information about treatment planning. In order to communicate with you, we might need to pass your details to third-party communication companies who will deliver these messages to you and use your details solely to deliver that content. For you to benefit from receiving these communications, we need you to give your agreement for us to contact you. If we do not receive your acceptance, you will not receive these communications from us.

- I agree that Winchester House Dental Practice may contact me, as described above.
- I also agree that Winchester House Dental Practice may use my Mobile phone to send me text messages relating to my appointment details only.
- I understand that I can opt out from receiving these communications at any time.
